Caloocan City, Philippines | bryantiversonmelliza03@gmail.com | +63 939 817 0375 | Portfolio: <https://bryant-melliza.vercel.app/>

PROFESSIONAL SUMMARY

Software Developer with experience delivering 8+ full-stack web, mobile, and AI automation solutions through freelance work, internships, and commissioned projects. Proficient in React, Next.js, React Native, TypeScript, Node.js, PHP, PostgreSQL, and n8n. Summa Cum Laude BS Information Technology graduate from National University – Fairview with 800+ internship hours across three software development internships and a proven track record of building production-ready applications using AI-assisted development workflows.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, PHP, Python, SQL, Java, Kotlin | **Frontend:** React, Next.js, React Native, Vite, Tailwind CSS, HTML5/CSS3, ShadCN/UI | **Backend & Databases:** Node.js, PostgreSQL, MySQL, Prisma ORM, Supabase, Firebase, Laravel, CodeIgniter | **Automation & AI:** n8n Workflow Engine, Ollama (LLaMA 3.1), REST APIs, Webhooks, Telegram Bot API | **Tools & Platforms:** Git, GitHub, Bitbucket, Docker, Figma, Jira, ClickUp, Cursor, Claude Code, Stitch

PROFESSIONAL EXPERIENCE

Freelance Full-Stack Developer — Self-Employed | June 2024 – Present

- Delivered 8+ web, mobile, and AI automation solutions using React, Next.js, TypeScript, PostgreSQL, and n8n.
- Built end-to-end applications from requirements through deployment, streamlining client workflows with automation.

Software Developer Intern — NLP Business Development Services | Nov 2025 – Feb 2026

- Developed and maintained 3 business application modules using React, Next.js, PostgreSQL, Prisma ORM, and PHP/CodeIgniter.
- Improved application usability by redesigning responsive interfaces and accelerating feature delivery with AI-assisted development tools.

Intern Developer — J Labs Innovatech Inc. | March 2026 – April 2026

- Contributed to the development of 1 major cross-platform mobile application using React Native, Expo, and TypeScript as part of a 12-member Agile development team.
- Integrated third-party AI APIs and implemented Zod-based validation for onboarding, profile management, and data integrity.

Intern Developer — OneNetworkx Marketing | May 2026 – June 2026

- Developed responsive insurance platforms and integrated Supabase for lead management across multiple insurance products.
- Migrated the company's email infrastructure to the Gmail REST API using OAuth2 authentication.

PROJECTS

ClickUp AI Bug Triage Assistant | AI Automation Developer | July 2026

- Developed a 5-stage AI-powered n8n workflow that automated ClickUp bug triage, priority mapping, and QA report generation using Ollama, webhooks, and REST APIs.

Live Traffic Telegram Notifier | AI Automation Developer | July 2026

- Engineered an event-driven visitor monitoring system achieving 100% fault-tolerant tracking and 95%+ bot traffic reduction through automated API failover and intelligent filtering.

Solace Point | Full-Stack Developer | June 2026

- Developed a full-stack insurance platform that streamlined customer onboarding, quotation requests, and product inquiries using React, PostgreSQL, and Supabase.

AlertPoint: Disaster Risk Reduction System | Full-Stack Developer | October 2025

- Led development of an award-winning disaster response dashboard for real-time monitoring and emergency alerts, earning the Best in IoT–Cross Platform Award.

Property Custodian Management System | Full-Stack Developer | Commission – February 2026

- Built a predictive asset management system that automated inventory tracking, replacement forecasting, and reporting to improve operational efficiency.

VetFlow: POS & Inventory Management System | Lead Full-Stack Developer | February 2025

- Developed a custom veterinary POS and inventory management system that centralized inventory tracking, sales transactions, and reporting workflows.

EDUCATION

Bachelor of Science in Information Technology with Specialization in Mobile and Internet Technologies

National University – Fairview | June 2022 – August 2026

Honors: Summa Cum Laude

- Awards:** Consistent Blue Scholar (100% Scholarship), Consistent First Honor Dean's Lister, Former Google Developer Student Clubs Chief Creative Officer, UI/UX & Networking Competition Champion
